

Dear Sean and Chris,

I hope this letter finds you well,

I am just dropping you a note to say thanks for all your help at our Top of the Hops Event. Our organization was very impressed with your technology and how it contributed to our fundraising efforts. We were very happy about how our ticket sellers were featured as “walking billboards” in wearing the iPads. Personally as I wasn’t able to attend on the final evening due to a wedding, I was very excited being able to follow the jackpot total live on my smart phone!!!

YIK,
